DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group 1, claim(s) 1-4, 9-10 and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a monosaccharide.

Group 2, claim(s) 1, 3, 9, 11 and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a polyol.

Group 3, claim(s) 1-4, 9 and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a linear oligosaccharide.

Group 4, claim(s) 1-4, 9 and 15-16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a cyclic oligosaccharide.

Group 5, claim(s) 1, 3, 9 and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a polyamine.

Group 6, claim(s) 1-4, 9 and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is cholic acid.

Group 7, claim(s) 1, 3, 9 and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is cholesterol.

Group 8, claim(s) 1, 3, 9, and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a peptide.

Group 9, claim(s) 1, 3, 9, and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a protein.

Art Unit: 1623

Group 10, claim(s) 1, 3, 9, and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a porphyrin.

Group 11, claim(s) 1, 3, 9, and 16, drawn to a maleimide cluster comprising at least one core molecule wherein said core molecule is a calix[4]arene.

Groups 12-23, claim(s) 19, 28-29 and 37, drawn to a multivalent protein comprising a maleimide cluster of Groups 1-11.

Groups 24-28, claim(s) 25-26, drawn to a method of delivering a peptide drug comprising a maleimide cluster of Groups 1, 3-4 or 6.

2. The inventions listed as Groups 1-28 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Groups 1-28 do not share a substantial common chemical core and thus have different technical features.

3. Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To reserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

Should applicant traverse on the ground that the inventions or species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the inventions or species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions

unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C.103(a) of the other invention.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
